

Tabor Summer Camp

Looking for a unique & unforgettable summer program for your child?

Tabor Summer Camp was established in 1917 and is located on the beautiful seaside campus of Tabor Academy. We hope that you will join us for a summer filled with enrichment, exploration, and fun. The camp gives young people ages 6-17 the opportunity to develop their full potential as individuals, teammates, and learners within a day and residential camp. Under the guidance of highly qualified counselors, teachers, and coaches, the program encourages young people to take pride in their personal achievements in the classroom, on the playing fields, in art spaces, and on the waterfront. The Tabor Academy Summer Program provides the option of thoughtful enrichment without losing any of the joys of summer.

Camp Activities & Enrichment

Summertime is meant to be FUN and the Tabor Summer Camp offers a wide range of engaging activities and enrichment courses. Campers will play, swim, act, create, and sail throughout Tabor's 85-acre campus and Sippican Harbor.

Our tennis courts, track, seven playing fields (*including our turf facilities*), allow campers to play sports and games, and our waterfront rival those of most universities and yacht clubs. Our sailing docks are literally in our back yard. Campers may also take advantage of our state-of-the-art Athletic Center, home to our international squash courts, multipurpose gym, fitness center, weight rooms, and much more. Our enrichment course offerings allow each child to learn something new and expand their knowledge and explore their interests.

Please visit our website to discover more about the wonderful opportunities our program offers and join us for an unforgettable summer by the sea!
